

## Planning a Zero Waste Event? Let us Help!!

As part of our commitment to recycling and bringing compostable waste full circle, Full Circle Compost is more than happy to help you with your zero waste event. We will even waive the recycling fee for clean material as long as Full Circle Compost is given recognition at the event and in any publicity that the event may receive.

By signing below, you acknowledge this agreement and promise to make sure only compostable material is brought to our site. In the event of contamination, a fee will be applied to the contaminated loads. Any questions regarding acceptable material, please ask a Full Circle Compost representative.

Please also supply us with the following information regarding your event:

- Date(s) of event: \_\_\_\_\_
- Name of organization putting on the event: \_\_\_\_\_
- Location of event: \_\_\_\_\_
- Estimate number of attendees at the event: \_\_\_\_\_
