RE:

Full Circle Soil Essence™ "Humus"

Full Circle Compost of Minden, Nevada, has submitted documentation on February 22, 2005, confirming that this product is National Organic Program compliant and meets the standards as set forth in § 205.203 (2) of the National Organic Program Standards, which states that composted plant and animal materials are produced through a process that:

- (i) establishes an initial C:N ratio of between 25:1 and 40:1; and
- (ii) maintains a temperature of between 131 F and 170 F for 3 days using an in-vessel or static aerated pile system; or
- (iii) maintains a temperature of between 131F and 170F for 15 days using a windrow composting system, during which period, the materials must be turned a minimum of five times

Documentation of the process and analysis results confirming NOP compliance for this product is on file in the Oregon Tilth office.
